ISSUE No. 10

EDITOR: JIM BRANDAU PUBLISHED: WHENEVER I CAN DO IT OR ONCE A MONTH MOST OF THE TIME

Hey Gearheads,

Well where did summer go??!! Seems like we were waiting with great anticipation for the 1st Cruise nite to kick off and now it's almost over. Well not quite, but its getting closer and closer. Time sure seems to go by faster these days!!

Speaking of Cruise nites, just a reminder that the Bellevue Cruisers will have their monthly, 1st Sat of the month cruise at the Bellevue mall on Sept. 3rd. Also the Country Cruisers down in Columbia will have their monthly cruise at Sam Hill's Restaurant on Sept. 10th. If you haven't been to either one of these Cruise Nites, you owe yourself to go out and have some Saturday nite fun with them.

For all the cruise nite host's, drop me an e-mail letting me know exactly when your last cruise nite will be for 2005. The questions are coming into the **GAZZETTE** already, so pass some info on so we can let everyone know. Thanks.

Spent a day (Thurs), up at the Nat's in L-ville. HOT & HUMID would be a good description. Based on

talking to some of you Gearheads, it got a little wet on Friday. Here's hoping that your ride didn't get hurt when stuff went flying around. Check out some pictures of the Nat's at www.gearheadgazzette.com. Click the **GALLERY** button and go to L-ville Nats and enjoy. For those of you that went, can you believe some of the prices on cars and parts!!!! I know this is a popular hobby, but damn!!! I guess some of the vendors and car owners just wanted to have someone to talk to, cause they damn sure aint gonna get that kinda money...at least not from me.

Check out the event section in November. There you'll find listed the Kris Kringle Car Show. Be sure to plan to take it in, as it is a cool deal. This show is part of the BIG Christmas Arts & Crafts show at the Williamson Ag Expo center. Now don't think its some cheesy show because its part of the arts & crafts deal...it isn't!! I went last year to the inaugural show and it was a very well put together show. It has a little bit of everything in it. If you're interested in showing off your ride, contact Tom Akers of the Bellevue Cruisers at bellevuecruisers@hotmail.com. They are taking applications for review, as

this is an "invitation" show only. I'll be there!!

Some info picked up from a lot of different places...

- > If it's mechanical and you are not bleeding, you must not be working very hard...
- > If it jams...force it. If it breaks, it needed replacing anyway...
- > Nothing about Hot Rodding is as easy as it looks...NOTHING!!
- > There is no such thing as a simple change or a quick fix...
- > Remember, you'll always be notified that the part you've been patiently waiting for is permanently out of stock, the day after you could have bought one at the swap meet.

And as we all know, Hot Rodding is a disease for which there is no cure!!

Until next issue, keep it between the lines....

JimmyB
