ROAD RUMBLINGS...

Happy New Year to all the Gearheads!! Here's hoping that everyone had a very Merry Christmas and that the New Year is nothing short of great for you and yours.

As we start 2007, The **GEARHEAD GAZZETTE** starts it's 7th year of publication. What started out as a little e-mail once in a while to some friends, has now grown to a monthly newsletter that goes out directly to almost 650 folks now. Add in the fact that it probably gets pushed out to 2-3 other folks by you as well as the website hits, (www.gearheadgazzette.com) and it's kinda cool if you ask me.

I do appreciate the feedback, both good, as well as where you think I need to improve this thing. Keep it coming...all of it. It helps make this better for you in the end. Again, thanks for your support!!!!

New for this year is a section I am gonna call **SHOW INFO AT A GLANCE.** What this section aims to do is list shows and events by name, location and date. No other info. Based on feedback, this will help you see whats going on and then if you want all the detail you can go to the events section for that. Check it out and tell me what you think.

Just a reminder, this coming weekend Jan 5-7th, get out to the FROSTY WHEELS Car Show at the Williamson County Ag Expo Center. Get the details in the events section. This is a great event to get the Gearheads out of the house and garage, and checkout some "TOO COOL" rides and vendors who will have parts for your project/ride. If you come out, and you know you will, stop by the Hot Rods & Threads booth and say hi.

2007 is a big birthday year for a couple of vehicles. The "Duece" turns 75 this year. Now everyone hears "Duece" and thinks about 32' Fords. Don't forget, while you don't see many, the other Makes(Chevy, Ply etc) also turn 75. Also enjoying a birthday this year is the the 1957 Chevy. Again there are other makes that are celebrating their 50th birthday too. You may not like it, but the 32' Ford & the 57' Chevy are 2 icons in this thing called Hot Roddin' and you're gonna see a lot made over them. Enjoy it!!! Looks like a lot of celebrations are being planned for this year for the birthday kids.

Don't wait until later on, send me those car show flyers and info now. We'll at least get the info posted in the at a glance section, so folks can start their planning to attend or planning for other shows so no one walks on another show...hopefully. You can e-mail me or snail mail them to me

at HOT RODS & THREADS, P.O. Box 83, College Grove Tn. 37046, Attn: Jimmy B.

It is the indoor car show season again. When you go to them, and you know you will, make sure you take a kid to the car show with you. We will always need to grow the hobby so we can get out and talk about when we used to "have one of those cars" back in the day. HA!!!

Just Check out GEARHEAD TYSON on Grandpa Terry's Hot Rod tractor, (yea its hot with a small block Chevy in the framerails.). Ty is hooked and it's a good thing. He was over heard asking Grandpa "how come no race gas in this thing!!!" Again...take a kid to a car show.

Until next issue, keep it between the lines...

Jimmy B.

As always, if you want the **GAZZETTE** direct instead of forwarded 2nd hand, let us know. All you need to do is send me an email at gearheadgazzette@aol.com. You can also always check out the current issue of the **GAZZETTE** on line at www.gearheadgazzette.com in case you erase your copy and need to see it again

“Remember...we're here for a good time...not a long time...Enjoy the Ride”.
