

GEARHEAD GAZZETTE

"IT'S ALL THE GEARHEAD NEWS YOU CAN USE"

VOL No. 9

SEPTEMBER 2009

ISSUE No. 9

EDITOR: JIM BRANDAU PUBLISHED: WHENEVER I CAN DO IT OR ONCE A MONTH MOST OF THE TIME

ROAD RUMBLINGS...

Greetings All You Gearheads,

Another Giant issue for you to peruse thru and pick an event to go have fun at.

Where did summer go??!!!! It's September already and the cooler air will be here before you know it. Even though summer is done, that doesn't mean the GEARHEAD FUN is over with for the year. Fall does mean the end of a lot of Cruise nites, but for most of them, they run thru September into the first weekend in October. Check out a different Cruise nite instead of going to the same one all the time.

Speaking of Cruising, I have to do a correction and issue an apology. Last month I talked about the Franklin Back Yard Burger being dead. WHOA was I wrong!!! There are diehards (about 30-40) showing up most Saturday nites in the summer at the BYB Cruise. I apologize guys, but no one let me know you were still cruising at BYB. To everyone, don't assume someone else is sending in the info on your event. Take a few minutes and make sure I have it so we can help make your event a success

Keeping on the cruising theme for another moment or so, did you read the editorial in the current issue of HOT ROD Magazine?? They threw out the challenge to all of us Gearhead types, to actually take our cool rides out of the garage or trailer and drive them this Labor Day Holiday weekend. Instead of a GO TO & Park event, that most cruise nites really are (admit it its true) why not actually drive your ride around. Sounds good to me...how about you?

Tom Akers sent along a reminder about the 1st Saturday of the month cruise hosted by the Bellevue Cruisers. That will be happening on Sept 5th. Tom and the gang are still looking for cool rides to have at the Kris KRingle Kar show in November, so if you are interested in that event, head over to Bellevue Saturday nite.

A lot of great events are taking place this month. A couple of multi day events that stand out are the SHADES OF

THE PAST Hot Rod Round Up in Pigeon Forge, The FALL GRAND RUN, The REDNECK RUMBLE in Lebanon Tn, and the Music City Mopar Club Show in Lebanon Tn. Check out the events section for info on these and many more.

Listed in the event section, is a special event for teenagers. Check out September 12th and the "Street Survival - A Teen Driving Program". The BMW car club is sponsoring this event. This has all the right ingredients to be a successful event, that will provide very useful knowledge and skills, for a group of drivers that need help and experience.

Our buddy Stan Hardcastle sent along a GREAT Article on a very cool 1970 Cuda. Checkout the write up and pics in the "COOL HAPPENING IN YOUR GARAGE" Section.

Stan also sent along info on a new sign business in our area. SIGN-WORX sign shop is being opened by Kip McCord, a personal friend of Stan Hardcastle. Kip was Bobby Hamilton's General Manager & Crew Chief with the Craftsman Truck Series truck. The info for his full service sign & graphics business is listed in the "SHOPS & SERVICES" section.

Check out www.wolfmotorsportsmagazine.com for the new issue. It's over 50 pages!!

In closing for this issue, I want to wish everyone a very Happy Labor Day!! For all of us that work our butts off each and every day, thank you for what you do. Our country is better because of what you do.

Until next issue..."FLOOR IT AND HANG ON!!!!"

Jimmy B.

As always, if you want the **GAZZETTE** direct instead of forwarded 2nd hand, let us know. All you need to do is send me an email at gearheadgazzette@aol.com. You can also always check out the current issue of the **GAZZETTE** on line at www.gearheadgazzette.com

"Remember...we're here for a good time...not a long time...Enjoy the Ride".

- *SEPT 12TH: LEBANON TN: Nashville To Host Its First Street Survival, A Teen Safe Driving Program.* On Saturday September 12, 2009, members of the BMW Car Club of America (BMW CCA) and the Sports Car Club of America (SCCA) will host their first Street Survival in the greater Nashville area. The event will be held at the Nashville Superspeedway in Lebanon, TN, from 8:30am to 4:30pm. Street Survival school is a teen safe driving program designed to go beyond today's required driver's education and give teens across the U.S. the driving tools and hands-on experience to become safer, smarter drivers. Last year, over 5,000 teenagers died in motor vehicle crashes, the leading killer of American youths aged 16 to 19, accounting for more than 40 percent of fatalities in that age bracket and Tennessee is ranked 6th for the most teen motor vehicle fatalities. Street Survival is a non-profit national driver education program aimed at teaching teens the skills they need to stay alive behind the wheel. The one day program is a mixture of classroom and hands-on exercises with a coach in the vehicle with the student. In the classroom they learn about proper seating and hand positions, mirror placement, the concept of the contact patch of their tires, the theories of weight transfer, and the use of long distance vision and situational awareness. Then the student is put through a series of exercises that are based on real world situations. The student learns skid control on a wet skid pad; goes through lane change/accident avoidance maneuvers; braking exercises, and they drive a slalom course to learn about weight transfer. The fee for the school is \$60, which also includes a one year membership in the local BMW CCA or SCCA chapter. Participants must be 16-21 years of age and parents are encouraged to attend and participate in the classroom sessions with their teen. They will see the program firsthand and learn valuable information themselves. To find out more and to register, visit www.streetsurvival.org. Space is limited so people are encouraged to sign up early. Contact: Tom Christensen tdchristensen@comcast.net 615-288-4097 OR Darien Hobbs dhobbs@oldhickorybmwcca.org 615-793-6961

FOR SALE: FROM JUSTIN LARSEN OF THE DECATUR AL MOPAR CLUB: Let me start by saying this, this is a personal friend of mine, I spent 2 hours yesterday looking over these cars, these are very rare and valuable vehicles for serious collectors and restorers only!! These vehicles mean a tremendous amount to this gentleman and he would not be selling unless he had to, I would have each one of these in my possession if my wife would not divorce me. I will list each one below, offers for each start at \$5000.00. If you are seriously interested in one of the below vehicles you can reply to this email and I will send you his direct contact information and you can set up a time to meet with him *individually*, or if you have any further questions I will be happy to answer them, or I am sure the owner will also.

#1: 1969 AMC AMX 4 SPEED: numbers matching 390, 4-speed, GO-PACK, group 19 option engine, air conditioning, power steering, power brakes, am/8 track radio, red with white stripes, rallye wheels, charcoal interior, no rust, car was parked in 1981 has not been driven since, car has been garaged kept since this time, car is completely solid, no oil/fluid leaks present under car, gauges were crystal clear, car is absolutely gorgeous, and complete. He has another 390 engine to go with car, the group 19 option engine is a very high compression engine that may not run on today's lower octane gasoline's.

#2: 1972 AMC JAVELIN 401 4 SPEED: numbers matching 401 goes with cars, currently has 360 in it, original 4 speed is on the original 401 engine, GO PACK, air conditioning, power steering, power brakes, original blue paint, RAM AIR HOOD and all accessories, grill and hood need to be installed as well as some interior pieces, other than that car is complete and rust free. Car has rare console for a 4-speed car. This vehicle has also been parked since 1981 in the same garage as the AMX.

#3: 1963 DODGE POLARA CONVERTIBLE: 330 hp 383 V8, car is running and able to drive, needs to be tuned to be perfect. Comes with a new convertible top. Interior is presentable, paint in darker blue, but needs to be repainted to be a show car.

Let me end by saying this, cars like this do not come up for sale very often, please take into consideration what is being offered here if you know the worth of AMC/Mopar vehicles you will know what we have here. Thanks so much!!

Justin Larsen – DECATURMOPARS@GMAIL.COM (9/09)

COOL HAPPENINGS IN YOUR GARAGES...

SEND THE PICTURES AND INFO ON YOUR RIDE OR YOUR FRIENDS RIDE AND WE'LL SHOW IT OFF RIGHT HERE!!

- Here's a great story about a very cool 1970 Cuda':

Thought you guys would like to know that I took Harold Baker's 1970 Hemi Cuda to the Mopar Nationals this past weekend. Harold could not go. Please keep his health issues in your prayers. He has been unable to attend events lately and he needs to be there.

His Cuda won "Best Ride on BFGs" from BF Goodrich at Nashville Goodguys. We were invited by one of Goodguy's chief Judges to come to Columbus, Ohio for the Goodguy's Nationals. He felt Harold's car was a contender to be "Street Machine of the Year". Harold's health issues kept us from going.

At the Mopar nationals, the Cuda won "Best E Body Modified"!!! Pretty good to have the Best in the country. I have to thank the Music City Mopar Club members who attended the show for their help. Ron Gillespie, Bill Cook and John Sanderson helped me clean, prepare and get the car to the show.

Also Mike and Jeremy Goodstein for building the bad Hemi, Carl and Shane Carey for their Body Work and assembly and David Lewellin for the Upholstry.

I couldn't take my own picture at the awards ceremony, but I think I can get one soon.

We were pleased to help Ronnie Sox's widow, Diane with her Raffle for St Jude Hospital. Diane reached her goal of \$80,000 for Cancer Research to be given in Ronnie's Name. (Anybody who has ever followed NHRA Drag Racing will know who Ronnie Sox is) Darrell Waltrip, Gibson Guitar and Alan Jackson helped the Music City Mopar Club with prizes for her Raffle. She had the drawing Sunday at Noon there at The Mopar Nationals. Her Grand Prize was a 426 Hemi built by Indy Cylinder Head.

The way the awards ceremony is done, we come through the staging area for the Dragstrip and are recognized at the starting line there at National Trail Raceway. Most of the cars just ease down the Track like they are on Parade. They do give us the option of hammering the cars if we want to. We just have to wait until the car in front of us gets on down out of the way.

I nailed Harold's 530 inch Hemi and had the speedometer buried at 75% of the 1/4 mile. I thought I had better let off so I did not run over the car in front of me. The Cuda should run between 140 and 150 in the 1/4 mile. Pretty sporty for a street car! We will work on a few bugs and maybe take it to Beech Bend Raceway Park at Bowling Green, Ky before the season is over.

We had a big time!!!

Thanks,

Stan

Stan Hardcastle

Music City Mopar Club, Events Director

WHATS IN YOUR GARAGE??? Send us some pics and info (gearheadgazette@aol.com) and let everyone know what kind of cool ride you are building or tooling around in everyday.
